GeBoKit - SKD-Kit

SafeServer

Sliding tarpaulin body with aluminium panels

The original is ready for loading within seconds by a simple push. It has been patented, certified and repeatedly rewarded; an investment of lasting value, with decades of experience and convincing quality.

opened

TOP ARGUMENTS

✔ **Safe: incorporated cargo control**
the aluminium panels are opened to the exterior and cannot collide with the load.

✔ **Fast: opening and closing within seconds**
no need of side slats, sliding pillars, lateral belts or tension ratchets.

✔ **Sensational: robust and durable**
front and rear wall frames are screwed, sliding rails shock-resistant, outer frame canted in one piece.
