

SafeServer C+

Sliding tarpaulin
with roof bows

Our SafeServer C+ „the manifold“ is compatible with different types of chassis, swap containers and various loads and goods; it can be easily and completely pushed above the load without demanding any further space.

TOP ARGUMENTS

- ✓ **Multi-functional:**
suitable for semi-trailers, trucks, trailers and swap containers.
- ✓ **Maximum opening:**
complete opening possible - from rear to front or front to rear
- ✓ **Minimum space requirement:**
if superstructure is opened and fixed, the remaining space on a semi-trailer still allows loading a 40 ft container.

Heights	Mega	Standard
Coupling height	1.000	1.150
Frame height at the front	125	125
Int. loading height	2.700	2.550
Height in closed condition	+ 110	+ 110

Heights	Mega	Standard
Opened	+ 210	+ 210
Closed (total)	3.935	3.935
Opened (total)	4.035	4.035
Int. height under roof tarpaulin in opened condition reduced by approx. 100 mm		

GeBoKit - SKD-Kit

TOP QUALITY

stability by means of 11 roof bows made of galvanized steel and aluminium panels

3 pairs of belts to be put around the superstructure in closed condition

lower sliding rail made of galvanized steel

rear lockers
